

Battery Adapter Plate Holes

Note: Most Downtube style batteries can attach directly to our standard shelf

Panasonic/Lunacycle Holes
Shimano STEPS Rear Rack *
BionX Flat/RearRack Holes
Falco Rear Rack Holes **

* We also have a STEPS Downtube Rail
with rectangular towers
** Battery can be pointed forward or
backward. Adapter plate must be
in 1 inch farther out position

Shelf Mounting Holes have 4 Options:

- Two front to back positioning options
- and either

Mount to Shelf Close in or

Mount to Shelf 1 Inch Farther Out
